

Proware won the " Best Choice of COMPUTEX TAIPEI 2003 Award "

TAIPEI, TAIWAN (Sep. 22, 2003) — Proware's SB-3160SA (SCSI-to-SATA) RAID subsystem is awarded the honor of Best Choice in the Innovative Technology category at COMPUTEX TAIPEI 2003. Best Choice of COMPUTEX is an annual selection for Taiwan's best-designed, most innovative, and highest-quality products. President Chen Shui Bian who was also present congratulated all those who won the Best Choice Award for COMPUTEX TAIPEI 2003.

The Simbolo SB-3160SA features a backplane design for sixteen hot-swappable Serial ATA disk drives, N+1 load sharing PFC power supplies, pure Aluminum case & component, specially designed airflow passages. The SB-3160SA also supports auto rebuild, bad block auto-remapping and exceptional manageability. The Simbolo SB-3160SA is OS independent and host transparent, and no drivers are required. It supports RAID levels 0,1,0+1,3,5 and JBOD, as well as providing support for multiple, global hot-spare and on-line RAID expansion. The unit also supports ECC memory at up to 512MB cache. There is a dual PCI bus interface to increase system efficiency and performance.

The Simbolo SB-3160SA has an intelligent enclosure management and error notification control function, which reports any failure of temperature control by cooling fans or power supply through an audible alarm system and an LCD display. Java based GUI RAID management software is also available as an easy monitoring tool.

List of Awarded Companies

Innovative Technology	Proware Technology Corp. Enova Technology Corporation / BenQ Corporation / Shuttle Inc.
PC/Server Systems	Acer Inc. / ASUSTeK Computer INC.
Mobile Products	First International Computer Inc.
Motherboards	IWILL Corporation / ASUSTeK Motherboard Business Dept
Communication Products	InterEpoch Technology, Inc. / Handlink Technologies Inc.
Buyer's Choice	BENQ Corporation
IA Products	ICP Electronics Inc. / Acer Inc.
Multimedia Products	MICRO-STAR INT'L CO., LTD. / BENQ Corporation
Software	Ulead Systems, Inc.
IPC	ADLINK TECHNOLOGY INC.
LSI /Peripherals/ Accessories	Chic Technology Corp. / C-Media Electronics Inc.
