

Proware brings home the iThome Editor Choice Award

TAIPEI, TAIWAN (August 30, 2003) —Proware's SB-3160SI (SCSI-to-IDE) RAID subsystem is awarded iThome Magazine's " Editor Choice " Award in the Storage solutions category.

The Simbolo SB-3160SI features a backplane design for sixteen hot-swappable disk drives, N+1 load sharing PFC power supplies, pure Aluminum case & component, specially designed airflow passages.

The SB-3160SI also supports auto rebuild, bad block auto-remapping, multiple RAID selection, Array roaming and online RAID Level migration, JBOD function and exceptional manageability. This year, the Proware's SB-3160SI (SCSI-to-IDE RAID 6) RAID subsystems also brought home the reputable 2003 Symbol of Excellence Awards.

The benefits of RAID AGE (RAID6) are

- ❖ Advanced Data Guarding technology (RAID ADG) provides the highest level of data protection amount RAID levels.
- ❖ RAID ADG (RAID 6) can tolerate multiple simultaneous drive failures without downtime or data loss. Greater fault tolerance than RAID 0+1 or RAID 5.

B means data blocks **P** means parity data
