 Firmware Release Notes

Model: U320 SCSI to SCSI 4 CHL. (i80321)
For: SB-3168SS(T)/FS(T), SB-4128SS(T) Series.

	Last Version	New Version
Version No. (DC)	6.08a	6.09a (06/21/2007)
Date		June 29, 2007
New		1. Added support SCSI CDB16 for over 2TB of slice. Important notes: Due to LSI chip limitation, CDB16 option must run at U320 mode. Unexpected data corruption may happen if the host speed downgrade from U320 to U160 (or less).
